

# AS2109

- Wash-Stable Cut Tech: Durable high-level protection that remains stable even after extensive use and multiple wash cycles.
- Super-Thin Comfort: Hyper-flexible liner with minimal metal content; hypoallergenic and more comfortable than standard HPPE.
- Wet Condition Grip: Advanced foam sandy nitrile coating delivers elite grip and superior abrasion resistance.
- Custom Functions: Selectable upgrades for Touchscreen compatibility and Thumb Crotch Reinforcement.

SPECIFICATIONS	DETAILS
GAUGE	21 Gauge (Ultra-Thin / Ultra-Flyweight)
LINER MATERIAL	Patented ADAMAS®, Tungsten, Nylon, Spandex, Polyester
COATING MATERIAL	Nitrile Foam (Breathable & Flexible)
SIZE	7/S – 11/XXL
CERTIFICATIONS	EN388 Certification (4X43F), ANSI CUT A9, CE Cat II, UKCA, OEKO-TEX, Sanitized, Dermatest®
APPLICATIONS	Heavy Metal Handling, Glass Manufacturing, Automotive Stamping, Mechanical Assembly, Steel Industry
MOQ	6000 Pairs
