

# D2000

- **Superior Chemical Resistance:** Advanced barrier protection against a wide range of hazardous chemicals, including Nitric Acid, Ammonium Hydroxide, Sulphuric Acid, Sodium Hydroxide, Hydrogen Peroxide, n-Heptane, and Formaldehyde solution.
- **Enhanced Grip Performance:** Specialized anti-slip design ensures superior grip and tactile sensitivity in both wet and dry environments.
- **Extended Protection & Comfort:** Long-length safety cuff provides expanded forearm coverage and is engineered for easy donning and removal.
- **Allergy-Safe:** 100% Latex-free construction to prevent Type I skin allergies and ensure worker safety.

SPECIFICATIONS	DETAILS
TYPE	Powder-free, Non-sterile (Professional Grade)
MATERIAL	100% Nitrile (Latex-Free)
TEXTURE	Fingertip Textured (Precision Grip)
THICKNESS	Finger: 0.16mm (6.3mil) / Palm: 0.12mm (4.7mil)
SIZE	S – XL
CERTIFICATIONS	CE, EN455, EN374 KPT, EN374 VIRUS, ASTM D6319, FDA 21 CFR, EC 1935/2004
APPLICATIONS	Health examination, Blood draw, Inject, Dentistry, Laboratory Analysis, Chemical industry
MOQ	6000 Boxes (100pcs / Box)
