

N2005

- Superior Sandy Grip: Premium nitrile sandy coating ensures an exceptional grip and secure handling in both water and oily environments.
- Liquid-Proof Barrier: The fully dipped nitrile construction provides complete liquid repellence, keeping hands dry and protected.
- High Durability: Engineered for outstanding abrasion resistance, extending the service life of the glove in demanding conditions.
- Premium Liner Options: Optional high-performance nylon liner available for enhanced flexibility, comfort, and breathability.
