

# PU3101

- **Ultra-Lightweight Construction:** Engineered with an ultra-light design to provide exceptional tactile sensitivity and a "second-skin" feel.
- **Durable Performance:** Delivers reliable abrasion and tear resistance, ensuring long-lasting protection for light-to-medium duty tasks.
- **Precision Handling:** Specifically designed for the precise industry, offering maximum sensitivity for handling delicate small parts.
- **Versatile Color Customization:** Available in professional black and grey color schemes for both the liner and the PU coating to match corporate branding.

SPECIFICATIONS	DETAILS
GAUGE	18 Gauge (Extreme Sensitivity)
LINER MATERIAL	100% Nylon (Seamless Ultra-Light Knit)
COATING MATERIAL	Polyurethane Smooth (High Precision)
CUSTOM SERVICE	Customized Color Optional (Black & Grey)
SIZE	6/XS – 11/XXL
CERTIFICATIONS	EN388 (3121X), OEKO-TEX Standard 100, Sanitized, CE Cat II, UKCA
APPLICATIONS	Electronics Assembly, Precise Industry, Maintenance, Mechanical Assembly, Automotive, Logistics
MOQ	6000 Pairs
